August 24, 2012

Dear Sirs,

This is an official announcement that Norwin A/S is not cooperating or working in any way with NEPC Limited of Chennai in India.

According to various websites NEPC Limited is marketing and promoting a Norwin 47-ASR-750 kW wind turbine. NEPC Limited is doing this without any authorization from Norwin A/S.

Any earlier agreements between Norwin A/S and NEPC Limited have been terminated several years ago.

Norwin A/S has an official and only representative and licensee in India for the 47-ASR-750 kW wind turbine and that is Global Wind Power Limited.

Any questions relating this announcement can be answered by your direct contact to Norwin A/S in Denmark.

Best regards
Norwin A/S

Ole Sangill
Executive Director
